	KATHY MILLER, RMR, CRR - kathy@miller-reporting.com	

	1	PROCEEDINGS
	2	THE COURT: Okay. Good afternoon and welcome.
	3	I apologize for the confusion about whether we could go
	4	forward today. We were having trouble with our telephone
04:36:34	5	system.
	6	I know you have been through it for
	7	Ms. Miller, but, for my benefit, we are going to go through
	8	appearances of counsel one more time. For the plaintiffs,
	9	please.
04:36:42	10	MR. EDWARDS: Jeff Edwards and Scott Medlock
	11	for the plaintiffs, Your Honor.
	12	THE COURT: You are welcome.
	13	MS. O'LEARY: Leah O'Leary, Jeanine Coggeshall,
	14	Shanna Molinare, and Eric Hudson for the State, Your Honor.
04:36:54	15	THE COURT: Welcome to all of you. Have you
	16	discussed how you wish to proceed?
	17	MR. EDWARDS: We have not, Your Honor.
	18	MS. O'LEARY: Your Honor, if you would like, I
	19	can announce the witnesses that we have brought today that
04:37:04	20	will be available to answer questions for the Court.
	21	THE COURT: Okay. Let's just give me
	22	give me their names, and just a brief description of the
	23	subject matter of their testimony.
	24	MR. EDWARDS: Yes, Your Honor.
04:37:15	25	Mr. Bryan Collier, the Executive Director
		KATHY MILLER, RMR, CRR - kathy@miller-reporting.com

```
1 of the Texas Department of Criminal Justice, asked to be
        2 here personally to answer your questions. And he can tell
        3 you about the current status of the class members, and
        4 their locations, and the protocols that he has put in place
        5 to ensure compliance with the terms of the settlement
04:37:32
        6 agreement going forward.
        7
                            We also have Warden Daniel Dickerson.
        8 is the warden of the Estelle Unit, which is where about 40
        9 of the class members currently reside to receive
       10 specialized medical care, and he can answer any questions
04:37:47
       11 and provide information about how he keeps his unit in
       12 compliance.
       13
                            We also have six wardens that are calling
       14 in on the phone. They are the wardens of the remaining
       15 facilities where class members are residing, and they will
04:38:02
       16 be available by phone if you should have any questions for
       17 them.
       18
                       THE COURT: Thank you.
       19
                      MS. O'LEARY: Our goal today is to instill
       20 confidence in the Court and in class counsel that the class
04:38:13
       21 members will be housed in safe conditions, and in
       22 conditions that comply with the terms of the settlement
       23 agreement.
                       THE COURT: Well, I appreciate that statement
       2.4
04:38:23 25 and the sentiment.
```

KATHY MILLER, RMR, CRR - kathy@miller-reporting.com

BRYAN COLLIER - CROSS BY MR. EDWARDS

```
1
    frankly, as an organization, had we been taking
 2
    temperatures, that would have been an issue that wouldn't
 3
    have been relied upon for a warden to have to figure out.
    That would have been something we had in place and done.
 4
 5
    So I looked at it from that perspective. We essentially
    failed the unit as well.
 6
 7
         "We essentially failed the unit as well." What does
 8
    that mean?
 9
         It means we should have put temperature monitoring on
    the units where we had the Pack class offenders, and we
10
11
    could have kept an eye on the temperatures and not relied
12
    on just if the equipment is working or not.
         Do you also think you ought to not misrepresent the
13
14
    facts on the ground when people's lives are on the line?
15
               MS. O'LEARY: Objection, argumentative.
16
               THE COURT: Let's try to be as fact based as we
   can in the inquiry. You have no doubt, do you, sir, that
18 temperatures of 100 degrees in a facility where people are
19 confined against their will is a serious health risk?
20
               THE WITNESS: Yes, sir.
```

21 BY MR. EDWARDS:

05:28:09

05:28:20

05:28:33

05:28:51

- Given that you are aware that people confined --
- 23 would you also agree that people confined in temperatures
- of 95 degrees is a serious health risk?
- 25 Α. Yes, sir. 05:29:03

22
